## PRODUCT CHARACTERISTICS

### HEIGHTS:

H1: 2299-2329 MM  
H2: 2569-2599 MM  
H3: 2804-2834 MM

### LENGTHS:

L2: 5413 MM  
L3: 5998 MM  
L4: 6363 MM

### WHEELBASES:

L2: 3450 MM  
L3: 4035 MM  
L4: 4035 XL MM

### WIDTH:

2050 MM

### LOAD AREA:

10.0 UP TO 17.0 M<sup>3</sup>

### PAYLOAD:

720 UP TO 1855 KG

### GVW:

3.5 TON & 4.25 TON

### BATTERY:

47 to 79 kWh

### CHARGE TYPE & POWER:

AC Charge: 7 kW

DC Charge: 50 KW

11 KW

22 KW

TOP SPEED: 62mph

ACCELERATION 0-30 mph < 6 sec

N1 = Vehicles for the carriage of goods and having a maximum mass not exceeding 3.5 tonnes  
 N2 = Vehicles for the carriage of goods and having a maximum mass exceeding 3.5 tonnes but not exceeding 12 tonnes

\* Fuel economy and CO<sub>2</sub> results for the Fiat Professional E-Ducato Mpg (l/100km): Not applicable CO<sub>2</sub> emissions: 0 g/km Electric range: WLTP Combined cycle 88 to 175 miles, WLTP City cycle 113 to 230 miles. These figures were obtained after the battery had been fully charged. The E-Ducato is a battery electric vehicle requiring mains electricity for charging. Figures shown are for comparability purposes. Only compare fuel consumption, CO<sub>2</sub> and electric range figures with other vehicles tested to the same technical procedures. Values may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, accessories fitted (post-registration), variations in weather, driving styles and vehicle load.

\*\*Kerb weight is affected by many factors such as body styles, engines and options. It is the weight of a standard-specification base series vehicle. It does not include the driver 75 (kg), crew or cargo  
 \*\*\*Maximum payload figures are without driver and is subject to change dependent on variances in features, options and trim levels.

^ (N1) and (N2) Government applied Plug-in Van Grant (referred to as 'Government Incentive') of 35% up to a maximum of £5,000 has been applied to E-Ducato purchase price subject to Government Grant approval.

^ Grant incentive shown is for representative purpose only and is based in this example on the manufacturers total price (subject to change). Please check with your local retailer or fleet sales representative to ensure that the grant calculation is applied to the final purchase price.

^^Basic Price less PIVG is the basic price with the deduction of the 'Government' Incentive excl. VAT. VAT is charged on the basic price, prior to the deduction of the 'Government Incentive'

# E-DUCATO CAB

## PRODUCT CHARACTERISTICS

**GVW:**  
3.5 TON & 4.25 TON

**MAX. PERMITTED WEIGHT:**  
FRONT AXLE: 2100 KG  
REAR AXLE: 2400 KG

**HEIGHT:**  
H1: 2254 MM

**WIDTH:**  
2050 MM

**LENGTHS:**  
L2: 5358 MM  
L3: 5708 MM  
L4: 5943 MM

**WHEELBASES:**  
L2: 3450 MM  
L3: 3800 MM  
L4: 4035 MM  
L5: 4035 XL MM

**BATTERY:**  
47 to 79 kWh

**CHARGE TYPE & POWER:**  
AC Charge: 6,6 kW    DC Charge: 50 KW  
11 KW  
22 KW

**TOP SPEED:** 62 mph  
**ACCELERATION 0-30 mph** < 6 sec

N1 = Vehicles for the carriage of goods and having a maximum mass not exceeding 3.5 tonnes

N2 = Vehicles for the carriage of goods and having a maximum mass exceeding 3.5 tonnes but not exceeding 12 tonnes

\* Fuel economy and CO2 results for the Fiat Professional e-Ducato Mpg (l/100km): Not applicable CO2 emissions: 0 g/km Electric range\*: 88 to 175 miles These figures were obtained after the battery had been fully charged. The e-Ducato is a battery electric vehicle requiring mains electricity for charging. There is a new test for fuel consumption, CO2 and electric range figures. The electric range shown was achieved using the new test procedure. Figures shown are for comparability purposes. Only compare fuel consumption, CO2 and electric range figures with other cars tested to the same technical procedures. The values indicated for vehicle range are measured by the manufacturer on pre-approval tests, and may be subject to modification depending upon the definitive homologation. Values may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, accessories fitted (post-registration), variations in weather, driving styles and vehicle load.

\*\*Kerb weight is affected by many factors such as body styles, engines and options. It is the weight of a standard-specification base series vehicle. It does not include the driver 75 (kg), crew or cargo.

N1 = Vehicles for the carriage of goods and having a maximum mass not exceeding 3.5 tonnes

N2 = Vehicles for the carriage of goods and having a maximum mass exceeding 3.5 tonnes but not exceeding 12 tonnes

\* Fuel economy and CO2 results for the Fiat Professional e-Ducato Mpg (l/100km): Not applicable CO2 emissions: 0 g/km Electric range\*: 88 to 175 miles These figures were obtained after the battery had been fully charged. The e-Ducato is a battery electric vehicle requiring mains electricity for charging. There is a new test for fuel consumption, CO2 and electric range figures. The electric range shown was achieved using the new test procedure. Figures shown are for comparability purposes. Only compare fuel consumption, CO2 and electric range figures with other cars tested to the same technical procedures. The values indicated for vehicle range are measured by the manufacturer on pre-approval tests, and may be subject to modification depending upon the definitive homologation. Values may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, accessories fitted (post-registration), variations in weather, driving styles and vehicle load.

\*\*Kerb weight is affected by many factors such as body styles, engines and options. It is the weight of a standard -specification base series vehicle. It does not include the driver 75 (kg), crew or cargo.
