LOOK ONCE, THINK TWICE

NEAT & DISCREET. Despite NV200's class-leading 4.2m³ capacity, its compact footprint makes it easy to manoeuvre through traffic and to negotiate parking spaces. A smart design - the best in town.

[REQUEST A TEST DRIVE](#)

TAKE A HANDS-ON APPROACH

DRIVER FOCUSED. Inside NV200's spacious cabin, the solid quality of the materials, thoughtful, functional design details, numerous storage spaces and a higher seating position create a comfortable mobile office.

OUTSTANDING CARGO CAPACITY

NV200 PROVIDES YOU with an outstanding cargo space, the biggest in its category. NV200 has been designed to maximise cargo space by optimising internal dimensions. With 4.2m³ cargo volume and 728kg payload, NV200 is ready for any unexpected jobs.

2.04M

NV200 has a load space long enough for two Euro pallets.

1.50M

With more space between doors, wider loads are easy too.

1.36M

A low floor and tall roof means more height to cope with bulky loads.

4.2M³

Class leading cargo volume.

*There is no 2nd row glazing option available in UK. Models only come with unglazed double sliding doors.

COMPACT BODY WITH UNLIMITED POSSIBILITIES

INTELLIGENT DESIGN MEANS NV200 packs remarkable cargo space into its external dimensions. With an overall length of just 4.40m and an overall width of 1.69m, the compactness of NV200 will surprise you, making it easy to manoeuvre and park in the most challenging urban environment. From baguettes to building materials, NV200 carries the maximum possible in its category.

*There is no 2nd row glazing option available in UK. Models only come with unglazed double sliding doors.

[REQUEST A TEST DRIVE](#)

CLEVER VERSATILE SPACE

NV200'S HUGE CARGO SPACE has been cleverly designed to maximise internal dimensions and make your everyday work easier. The interior length reaches 2.04m and the width between wheelarches is 1.22m so that two Euro pallets fit in easily. The cargo floor is only 524mm from ground level, so loading NV200 is quicker and easier. Standard floor hooks help keep your deliveries secure. NV200 can be configured to meet your needs, with a choice of solid steel bulkhead or mesh folding bulkhead, two sliding side doors and optional rear glazing.

Space for a long ladder (with optional folding bulkhead).

Space for two Euro pallets.

2.8M

Space for a long ladder (with optional folding bulkhead)

524MM

Cargo floor height

2 EURO PALLETS

Room for 2 Euro pallets

1.22M

1.22m between wheelarches

*There is no 2nd row glazing option available in UK. Models only come with unglazed double sliding doors.

OUTSTANDING VERSATILITY

BEYOND ITS DISTINCTIVE STYLING, NV200 Combi is exceptionally versatile to help you with all your activities. It offers you the most flexible moving space with almost unlimited carrying capabilities. It comfortably seats up to seven people. Or with five people, in two rows of seats, there's still 2.3m³ of luggage space. NV200 is the ideal vehicle for transporting passengers, cargo or even both.

3.1M³

Up to 3.1m³ luggage space when second row folded.

2.3M³

Up to 2.3m³ luggage space with two rows - 5 passengers.

7 SEATS

More seats, more knee room, more headroom.

COMFORTABLE AND ADAPTABLE

NV200 COMBI gives you more space inside, while its adaptable, modular seating creates almost unlimited configuration possibilities. Whether it's carrying two, five or seven passengers, NV200 Combi still has surprising room for luggage. Intelligent storage spaces, tonneau cover (or alternatively cargo side sliding hooks from the accessories range) and the smart, business-like cabin all create a good impression with your passengers, and make life easier for you. Both the 2nd and optional 3rd row seats fold out of the way to leave a clear, low floor, so it's easy to get everyone and everything on board.

2 SEATS

In two-seat configuration, NV200 Combi can take three mountain bikes with front wheels still attached. That's 3.1m³ of load space (2.9m³ with the optional 3rd row folded).

5 SEATS

Even with five people on board, NV200 Combi can still take on board a large size suitcase for each of them, representing 2.3m³ of load space (2.1m³ with the optional 3rd row folded).

7 SEATS

When its nearest rivals have run out of luggage space, NV200 Combi can still easily accommodate at least two large suitcases.

ADAPTABLE SPACE

All seats fold away to increase load space.

CITY WISE

NV200 THRIVES IN THE CITY. Its unique dimensions make it easier to park and to position in traffic than its competitors. Excellent visibility from the high seating position, plus superb agility, help you manoeuvre easily in crowded streets.

REAR VIEW CAMERA. Squeezing into small parking spaces and loading bays is easy work with the optional rear view camera. The dashboard display gives you a full colour view of the area behind you, and superimposes guidelines to help you position NV200 exactly where you want it.

SEE CLEARLY, SIT COMFORTABLY

NV200's driving position is higher than its rivals to help you see further ahead, with the dashboard instruments angled to face you, so you can read them with just a quick glance.

NV200's 10.6m turning circle kerb to kerb and compact 4.4m overall length put you streets ahead when you're picking your way through congested cities.

Low floor allows easy entry and exit.

Combi with optional Nissan Connect Satellite Navigation

NV200 HAS 13 DIFFERENT STORAGE SPACES. The centre upper tray and glove box are ideal for paperwork. There are storage trays between the front seats and in front of the passenger (when no passenger airbag is fitted). Holders for your drinks bottles and cans on the dashboard, are easy to reach. The large door pockets will take an A4 road map. NV200 has concealed storage too, such as the drawer under the driver's seat and a secret compartment in the glove box.

* With the optional Nissan Connect fitted, there are 12 storage spaces.

SMART AND CONVENIENT

IT'S EASIER to work and relax in NV200's smart interior. There's a solid, quality feel to the materials. Plus many storage spaces, designed for the items you use every day. For example, the optional passenger seatback folds forward to create a useful flat workspace.

LOW COST OF OWNERSHIP

NV200 MAKES GOOD BUSINESS SENSE. From the outset, it's been designed to offer a low total cost of ownership. Not only through minimal everyday running costs, but also through robust construction and durable materials for long life and reliability.

HARD TO BREAK, SIMPLER TO REPAIR

NV200 is tough, to handle the demands of hard work and to keep you well protected. Outside its rigid central structure are effective energy absorbing zones that dissipate impact forces. Though strong, they're also easy to repair.

GEAR CHANGE INDICATOR

When the engine reaches the ideal revs to change up, an indicator shows in the multifunctional display the ideal timing to change gear. This helps you drive more economically.

KEEPING YOU INFORMED

NV200 is equipped with a multifunctional display with onboard trip computer that provides all the information you need to help you drive economically. It shows you engine revs, average and real time fuel consumption, and your remaining range. With the rear view camera*, the display switches to a full colour picture of what's behind you, the moment you select reverse gear.

5 or 6-speed manual transmissions available

POWER WITH ECONOMY

NV200 IS EQUIPPED with a powerful yet frugal 1.5 dCi turbo diesel engine. There are two options available to choose from. There's the highly efficient, 90PS, 200Nm torque engine, mated to a smooth 5-speed manual transmission or alternatively if you want more power, there's the 110PS, 240Nm torque engine, with a 6-speed manual transmission. Both engines offer excellent fuel economy, with an impressive range in everyday driving conditions, so you can go longer between filling up. Low CO₂ emissions enable you to reduce your carbon footprint.

1.5 DCI

SAFETY

AT NISSAN, SAFETY IS A TOP PRIORITY. That's why NV200 is equipped with a number of active safety systems including Electronic Stability Protection (ESP), ABS with Electronic Brakeforce Distribution (EBD) and Brake Assist which increases your braking effort and optimises stability control. Like you, we want everyone to feel safe on board the NV200, so the driver's airbag and front seat belt pretensioners are standard. But NV200 doesn't stop here, it enhances its protective shield by offering as standard equipment on Combi the front passenger, side and curtain airbags, Cruise Control, driver adjustable speed limiter and Tyre Pressure Monitoring System (TPMS) to guarantee your safety.

* Rear view camera is standard except Visia grade, see Technical Specifications for details.

DIESEL	OUTPUT (PS)	NORM	CO ₂ EMISSIONS	TRANSMISSION	FUEL CONSUMPTION COMBINED L/100KM / MPG

SELECT YOUR FAVOURITES

1

1/ PLASTIC CARGO PROTECTION FOR FRENCH DOOR WITHOUT WINDOW, REAR PANEL AND WHEELARCH. These durable plastic panels are part of a range developed to protect virtually all of the interior load space.

2/ STEEL LOAD CARRIER - TWO BARS. This sturdy steel load carrier has a carrying capacity of 60kg, and can accept most Nissan load carrier accessories such as load stops. Load carrier is also available in three bars.

3/ PLASTIC FLOOR PROTECTION FOR VAN. Rugged, easy to clean and with an anti-slide surface that helps keep your cargo in place.

4/ MUDGUARD. Robust and durable. Available for the front and rear.

5/ REMOVABLE TOWBAR. Choose between the fixed towbar, flanged towbar or removable towbar. All of these options let you take full advantage of NV200's 1,100kg towing capacity.

6/ BODY SIDE MOULDINGS AND SIDE BAR. Tough protection and an extra styling touch for your NV200.

7/ MATS. Rubber or textile floor mats. Featuring the NV200 logo, these mats are tailored to fit precisely and include fixings so they stay in place (can be easily removed for cleaning).

The segment breaking NV200 offers big van capabilities within a compact van footprint and it really has the potential to shake up the market. It is a class leader in terms of load length, volume and low floor height and despite its amazing load capability the driver is not forgotten – a spacious comfortable cabin with plenty of storage and an ‘SUV style’ high driving position giving superb visibility and easy ingress and egress.

FURTHER INFORMATION

Price Protection Plan. Order a new Nissan for delivery no more than 4 weeks in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new vehicle. Nissan Motor (GB) is not liable for price adjustments caused by Government changes in the rate of VAT or by any other applicable legislation or regulation or Vehicle Excise Duty.

Five year/100,000 miles manufacturer's warranty - Nissan's comprehensive warranty provides cover for your new Nissan from defects in materials or workmanship. Your vehicle is covered in all European Countries where Authorised Nissan Dealers are located. If your vehicle becomes inoperative due to warrantable defects, a towing service, when necessary, to the Authorised Dealer is covered. If a warrantable defect abroad takes more than six hours to repair, the Touring Assistance Programme will pay for a hotel or rental car to a certain maximum. The paint warranty covers painted body parts (excluding the underbody) for three years regardless of mileage driven. For further details please contact your local Authorised Nissan Dealer.

e-NV200 - Nissan e-NV200 offers a 5-year / 60,000 mile warranty on all EV dedicated components, including the lithium-ion battery, and a 3-year / 60,000 mile warranty on standard components. The Nissan e-NV200 lithium-ion battery state of health guarantee protects against battery capacity loss (less than 9 bars out of 12) as shown on e-NV200's capacity gauge for a period of 5 years / 60,000 miles. For e-NV200 flex customers, the battery state of health guarantee applies for the duration of the battery lease. Special build conversions may be subject to extended delivery.

The conversions in this price list are from Nissan Motor GB-appointed converters and have warranty terms in line with the Nissan Pan European Warranty. The converter is responsible for all aspects of the conversion.

Nissan European Roadside Assistance is provided for the period of your new vehicle manufacturer warranty. Please see www.nissan-aftersales.co.uk for full details including terms and conditions.

Nissan EV Pan-European Roadside Assistance is provided by AXA for 3 years or 60,000 miles, whichever comes first.

For e-NV200 Van Flex (battery lease) customers, the Nissan EV Pan-European Roadside Assistance will cover you for the duration of your battery lease agreement should your Nissan EV run out of battery charge. For any other repair work, the basic warranty clause still applies.

Benefits and Services are provided by AXA Assistance. AXA Assistance is authorised and regulated by the Financial Conduct Authority (FCA).

FCA Register number 439069. AXA Assistance UK Limited (registration 2638890) 106 - 118 Station Road, Redhill Surrey RH1 1PR
