The Renault Trafic

Efficient, clever and versatile

The Trafic Van has been specifically designed to meet the needs of professionals, whatever their business environment. In panel van, crew van and passenger versions, the Trafic can be adapted to your every demand, offering a wide range of custom-built and practical solutions, plus the ability to create other variations using the Platform Cab version as a base. With its stylish and protective design, quiet efficient engines, the latest on-board technology and high levels of comfort and safety, the Trafic holds all the cards.

Your Mobile office

Specifically designed to meet the needs of professionals, our vehicles provide the ability to have a truly mobile office, packed with clever solutions.

7.

1. Underseat storage. 54 litres ensures large objects are close to hand, whilst ensuring they are safely transported. **2. Tablet cradle.** The adjustable tablet cradle holds devices in place allowing you to access information easily. **3. Smartphone cradle.*** Adjustable for height and width, the smartphone cradle accommodates most sizes, meaning you're always connected. **4. Mobile office.** An innovative fold down central seat incorporates a detachable A4 clipboard holder, which can be fixed in place to face the driver or passenger, whilst the backrest can be opened out to reveal laptop storage **5. Comfort every day.** The specially contoured driver's seat with added lateral support features height and lumbar adjustment as standard plus an armrest. A new driving position and height/reach adjustable steering wheel ensures total comfort. **6. R&GO.** iOS & Android users can download the R&GO application to their smartphone or tablet to provide access to navigation, telephone commands, multimedia files and vehicle trip information. **7. Touchscreen.** MediaNav Evolution is a built-in touchscreen infotainment system with access to navigation, radio, music files and telephone commands.

* Supports phones up to 115mm in height and up to 59mm in width

ENERGY dCi Engine

Double the performance

A product of the latest generation 1.6 dCi block developed by Renault, the Trafic engine benefits from the best in modern technology that improves fuel economy by 5.8mpg*. It consists of a variable geometry turbocharger (dCi 90 hp and dCi 115 hp) or Twin Turbo (ENERGY dCi 120 hp and ENERGY dCi 140 hp), thus offering a large range of engines to meet everyone's needs.

The Twin Turbo engine, with Stop & Start technology and the new regenerative braking system (Energy Smart Management), helps Trafic achieve fuel economy of up to 47.9mpg (LCV) or 50.4mpg (Passenger) helping you to minimise fuel costs.

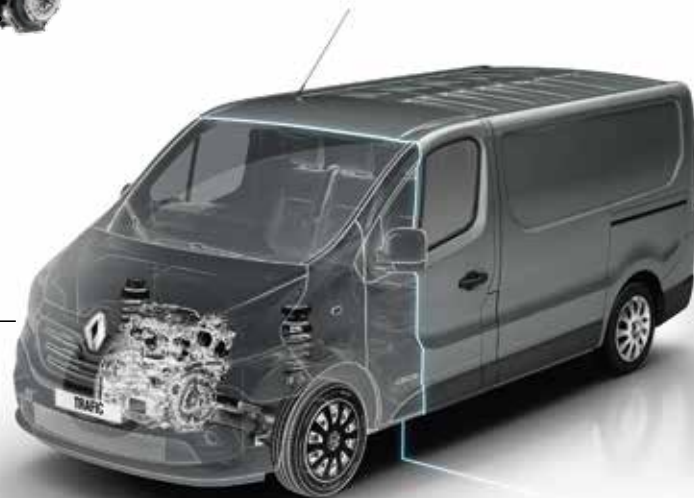

Better fuel economy and more driving pleasure! With Trafic, you win either way.

*Approved conditions according to applicable regulations.

EURO 6 and AdBlue®

Ensuring our customers take advantage of the latest engine technology, the Trafic comes equipped with the latest Euro 6 compliant engines. Featuring an upgraded SCR (Selective Catalytic Reduction) system, these engines cut harmful Nitrous Oxides (NOx) emissions by over half through injecting AdBlue® solution into the exhaust gases.

AdBlue® is a clear, non-toxic and non-flammable water-based, high purity operating fluid, which is added downstream of the engine in the exhaust system, meaning you still receive the maximum efficiency from all our engines whilst reducing harmful pollutants.

Sport+ pack

Stylish

With dynamic and robust lines, the Renault Trafic has a distinctive design with features such as the new Brand Identity front grille with prominent Renault Diamond, slender, expressive headlights and protective wraparound front bumper, giving the front end a strong, determined look that makes it stylish as well as practical. Body coloured front bumpers are standard from the Business+ trim, with the modern chrome grille and gloss black surround standard on the Sport trim.

To complement these features, the Sport+ pack is available featuring

- Front and rear spoilers with design cues from our Renaultsport range
- Front fog light surrounds
- LED Daytime Running Lights
- Side step / bars
- Decal striping designed to fit the contours of the Trafic van.

These all come together to create a stylish van which stands out from the crowd on the road.

Images show Sport+ pack on SWB, If ordered on a LWB decal may appear differently than depicted above.

Get the full measure

Of its ingenuity

For the Trafic, Renault has developed clever solutions to make the loading area more practical. Its additional flap under the passenger bench allows you to carry items up to 4.15 metres long (LWB) with a clever internal roof rack* and a large range of accessories. The intelligently designed Trafic offers endless possibilities.

The Trafic uses a range of features to offer you the best load capacities in the market. It is unbeatable for length, with the flap under the passenger bench seat that adds 1.2 metres to the load length to accommodate objects up to 3.75m long (4.15 m for LWB).

The load volume – 5.2 m³ on the SWB and 6 m³ on the LWB – has been maximised with a loading volume which is as capacious as ever. This means that with the Trafic you can carry 3 Euro pallets in the SWB version. Trafic offers you innovative equipment, such as the Hands-free key card, the interior roof rack*, and up to 18 anchorage rings depending on the version. To further enhance the load carrying ability of Trafic a wide range of accessories for the load area are available.

All businesses will find a Trafic model to suit their needs. Renault has equipped the Trafic with everything you need to build a bespoke conversion and offers a network of accredited converter partners. The possibilities are endless!

Hands-free key card

16 anchorage rings as standard on SWB, 18 on LWB versions

Load through bulkhead flap is magnetised to fix easily and securely in place

Versatile

Europe's No.1 Van manufacturer Renault can propose a wide range of Trafic variants to suit your specific needs.

Panel Van

Choose from short or long wheelbase, low or high roof, glazed or panelled. Loading is made easy thanks to the low load threshold, whilst load volumes from 5.2m³ to over 8m³ mean you'll have all the space you need.

Crew Van

Need to get tools and a team to site? The Crew Van has seating for 6 and can still carry the tools you need for the job - safely and securely.

Passenger

With seating for up to 9 people the Trafic Passenger is the ultimate way to transport clients, employees or the family.

Award winning innovation

Innovation for all! A range of features are available to keep you safe, save you money and make life easier.

5.

4.

6.

7.

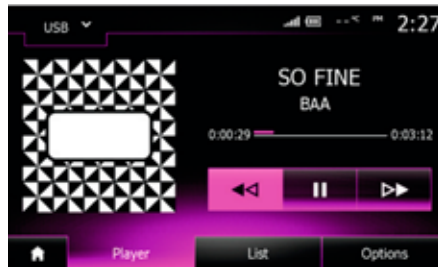

1. Grip Xtend. Over loose surfaces such as gravel, light snow and mud, engage Grip Xtend and one wheel will be allowed to spin to help you gain traction. **2. Wide View mirror.** Built into the passenger vanity mirror, this simple solution helps you to see into your blind spot. **3. ECO mode.** Push the ECO mode button and throttle response is optimised for maximum fuel economy. **4. Rear parking camera.** See the full picture with a cleverly mounted rear parking camera. **5. Hill Start Assist.** Makes Hill Start easy as the vehicle is held on an incline without the use of the handbrake, for 2 seconds while you engage gear and apply power. **6. Electronic Stability Control.** Helps you avoid collisions by detecting and reducing the danger of skidding, or losing control as a result of over-steering. **7. Hands-free key card.** Unlock the driver and front passenger doors and the rear doors/tailgate without handling a key.

Stay connected

MediaNav

Renault's on-board touch screen tablet MediaNav provides access to useful and practical features including: navigation provided by Navteq with vocal guidance, media from multiple sources, handsfree telephone using Bluetooth® technology. Enjoy stress free travel with Renault MediaNav.

R-Link

Integrated 7" touchscreen multimedia system with navigation, DAB radio, vehicle information such as the "Eco Driving" Coach and built in reversing camera which is displayed on the screen. In addition to its many built-in features there are also applications to download from the R-Link Store. You can control it from the screen, steering wheel controls or even voice command.

R&GO

Is an application that turns your smartphone or tablet into a touchscreen for your dashboard! The key features of the app are: **Navigation.** 3D vehicle navigation provided by CoPilot. **Vehicle.** Eco driving score, fuel consumption info, trip computer and rev counter available. The R&GO application is free to download for compatible Android and iOS smartphones.[†]

[†] For compatible devices please refer to <https://www.renault.co.uk/services/multimedia/bluetooth-compatibility.html>

READY4 WORK

For professionals that need to store tools and equipment, the Ready4Work system arrives at your dealer fitted so you can get straight to work. There is a choice of two specifications to suit your needs, the Basic Storage System and the Specialist Storage System.

Basic Storage System

Has been designed to provide professionals with a durable racking system suitable for the storage of a wide range of tools, components and accessories.

Construction

- two part anti-slip phenolic coated floor
- load and crash tested extruded aluminium floor rails to give maximum strength
- 10mm plywood base
- no drilling into vehicle structure
- brackets connect to the existing load lashing points
- racking manufactured from high strength Dual-Phase steel
- lighter and stronger than normal mild steels, helping to maximise payload^{*}
- durability tested to an equivalent of 65,000 miles of normal road use
- weight : 86kg*

* Needs to be subtracted from the payload. ^{*}Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass. Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to manufacturing tolerances and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, can result in a higher Kerb Mass and a reduced Payload.

Not compatible with factory load area protection options e.g. plywood flooring.

Specialist Storage System

Designed for the more specialised professional requiring an improved system for the storage of tools and service equipment.

Construction

Rear right hand unit includes the following above the Basic Storage System:

- Telescopic drawer unit consisting of :
- 2 x (500mm (w) x 75mm (h) x 355mm (d)) drawers
- 1 x (500mm (w) x 150mm (h) x 355mm (d)) drawer
- Adjacent to drawer unit is a 500mm(w) x 75mm (h) x 355mm (d) shelf

Left hand unit and tool panel assembly unit are as per Storage System 1.

- weight : 108kg*

* Needs to be subtracted from the payload.

Not compatible with factory load area protection options e.g. plywood flooring.

¹ Manufacturer's 'On The Road' Recommended Retail Price Includes delivery to the dealer premises, number plates, two one-litre bottles of oil for Traffic, 12 months government road fund licence (depending on CO₂ emissions) and the First Registration Fee of £55. Other goods or services supplied by agreement between the customer and the dealer are not included. ^{*}Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass. Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to manufacturing tolerances and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, can result in a higher Kerb Mass and a reduced Payload.

Traffic Passenger

With seating for up to 9 people the Traffic Passenger is the ultimate way to transport clients, employees or the family. A long wheelbase version makes room for suitcases, tools or even the family dog.

The Traffic Passenger Sport is equipped to move your passengers in style, whilst making your journey easier with a range of on-board technology as standard.

Traffic Passenger - Standard Features

Business

Technology

4 years warranty (100k miles) & 4 years free roadside assistance
Trip computer
DAB radio with Bluetooth, USB socket and AUX input with 2x15W speakers
12v power socket (front)
6 speed gearbox with gear shift indicator
ECO mode button

Interior

2nd row of 3 passenger seats, outer seats with ISOFIX points
3rd row of 3 passenger seats, removable
Closed glove box
Driver's seat with armrest - height adjustable, lumbar adjustment
Steering wheel - reach and rake adjustment
Electric front windows - driver's side one-touch descending
Parcel shelf
Front passenger bench seat with underseat storage
MUSCADE upholstery

Exterior

Left and right side loading doors - glazed & glazed rear quarter panels
80-litre fuel tank
20-litre AdBlue® tank
Door mirrors - heated with electric adjustment and external temperature sensor
16" steel wheels with large wheel stylers
Rear tailgate - glazed, heated with rear wipers
Spare wheel with anti-theft spare wheel holder

Safety and Security

Airbag - driver and front passenger
ESC (Electronic Stability Control) with Hill Start Assist and Grip Xtend
ABS with EBD (Electronic Brake force Distribution)
Tyre pressure monitoring system
Electronic immobiliser
Remote central locking (2 button key)
Deadlocking
Alarm pre-wiring (see Accessories for Alarm)
2 ISOFIX points for 2nd row, outer seats
Seatbelts - 3 point height-adjustable seatbelts with pretensioners and load limiters
4 disc brakes

Sport Additional equipment to Business

Technology

Automatic headlights and wipers
Renault MediaNav Evolution 7" touch screen multimedia and navigation system
Radio with DAB, Bluetooth and USB socket and AUX input with 2x20W speakers

Interior

Manual air conditioning and pollen filter
Smartphone cradle[^]
Leather steering wheel
'Java' upholstery
Premium dashboard with closeable upper dashboard storage
2 spot reading lights (driver/passenger)

Exterior

Metallic paint
Body coloured front bumper, door rail, rear tail light column and door mirrors, brilliant black, high gloss logo surround and premium, chrome grille
Left and right side loading doors - glazed with opening windows
17" CYCLADE alloy wheels

Safety and Security

Front fog lights
Rear parking sensors
Cruise control and speed limiter

[^]Supports phones up to 115mm in height and up to 59mm in width

¹ Manufacturer's 'On The Road' Recommended Retail Price Includes delivery to the dealer premises, number plates, a one-litre bottle of oil and a four-litre starter pack of AdBlue[®] including funnel. 12 months government road fund licence (depending on CO₂ emissions) and the First Registration Fee of £55. Other goods or services supplied by agreement between the customer and the dealer are not included.

Wheelchair Accessible Vehicle

Renault have developed a specialist Wheelchair Accessible Vehicle (WAV) version of the Traffic Passenger vehicle.

The Traffic WAV complies with European Whole Vehicle Type Approval, on accessibility conditions for people with reduced mobility or wheelchair users.

The conversion is based on the Traffic 9 seat Minibus, with a 3-fold aluminium ramp, which allows easy access to the rear of the vehicle. There is a standard anti-slip floor and 4 detachable tie-down clamps for wheelchairs with 4 manually adjustable retractors to restrain the wheelchair in its position.

The Renault Traffic WAV is available as an option on all SWB and LWB variants in the following configurations:

- 9/8 seat with wheelchair position (up to 6 of which can be used when utilising the wheelchair position)
- 6/5 seat with wheelchair position
- 6/5 seat with wheelchair position and folding rear side seat next to the wheelchair position.¹

^Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass. Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to manufacturing tolerances and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, can result in a higher Kerb Mass and a reduced Payload.

A sign of service

The Renault Pro+ specialist network consists of experts who are here to help you choose the right vehicle for you and an after-sales department that guarantees to keep you moving. For more information, visit www.renault.co.uk/vans

At Renault, we understand that your vehicles are your most important work tool and so the Renault Pro+ network is guided by three main principles:

01 The expertise of your advisor who has an extensive understanding of your trade

At Renault Pro+ you are dealing with professionals: all of our employees are trained with your professional needs in mind. With their knowledge of commercial vehicles and fleet business, they are able to take care of your operational needs and create mobility solutions tailor made for you.

02 A 'One Stop Shop' where all your service needs are taken care of to guarantee your mobility

Because you need to save time, all Renault services have been relocated to a bespoke centre, providing new and used vehicle sales, after sales, finance, service and maintenance.

03 The Renault Pro+ business customers promise

To ensure your business minimizes unproductive time off the road, Renault Pro+ offers you:

- Specialist commercial vehicle sales and after sales advisors.
- A comprehensive display of commercial products, including converted vehicles.
- A large choice of commercial vehicle available for test drives.
- A personalised finance proposal in under 48 hours.
- Extended Service hours for business users.
- A detailed invoice and an estimation of work time for all repair work.
- A courtesy vehicle, most applicable to your needs.
- Maintenance and repair work for vehicles up to 7 tonnes in weight.
- Within the hour diagnostics.
- A maximum 48 hours lead time for service and repair.

Information correct at time of publication

WITH 4 YEARS WARRANTY AND RENAULT ASSISTANCE AS STANDARD

4 YEARS WARRANTY

Your vehicle is covered by a warranty package for up to 4 years /100,000 miles (whichever comes first). The first 2 years are unlimited mileage, followed by a further 2 years up to 100,000 miles. Your dealer is able to repair or replace, without charge, parts that are found to have a material or assembly defect that is recognised by Renault. The paintwork warranty runs for a period of 3 years and the anti-corrosion warranty for a period of 12 years.

4 YEARS RENAULT ASSISTANCE

Should you need it, we'll provide emergency roadside repairs or tow you to the nearest Renault dealer. This service is available 24 hours a day, every day of the year. Renault Assistance Cover provided from months 0 to 48 includes, assistance at the roadside and home, national recovery, onward travel with European cover from months 0 to 36 only. Cover includes mechanical or electrical defects covered by the warranty.

SERVICING OPTIONS

A Renault Service plan allows you to budget for the future cost of your routine servicing. It really is the hassle-free way to take care of your Renault. There are many benefits to a Renault Service plan.

- Inflation-proof servicing - You know exactly what you'll pay and there are no hidden costs
- Full peace of mind - No matter where life takes you, we'll be there
- Renault expertise - Our highly trained technicians know your Renault inside out

We have a range of service plans to meet the needs of practically all of our customers'; the most popular being our 3 year/42,000 miles plan available at £200*. Speak to your Renault dealer for more information on these plans or a price for an age and mileage profile that best meets your needs.

FINANCE OPTIONS**

There are a wide variety of ways in which the purchase of a new vehicle can be financed. Renault Finance offers all of them, so whether you're a fleet buyer or private buyer, Renault Finance is ideally placed to tell you which plan or combination of plans best suits your needs and circumstances.

All vehicles are provided with 4 years' warranty and Renault Assistance as standard. For warranty exclusions refer to Terms & Conditions. For full Renault Warranty Terms and Conditions visit www.renault.co.uk/warranty. For Renault Assistance Terms and Conditions visit www.renault.co.uk/assistance. *The Service plan offer is available at participating dealers only. Vehicle must be ordered between 1st January 2016 and 30th June 2016 and registered in 2016. The Renault Service Plan covers the manufacturer's minimum maintenance programme requirements for the term of the plan purchased (refer to the Warranty and Service sheet in the Handover Document wallet for details). The plan ends when you reach the age or mileage limit (whichever comes first). Services must be carried out in line with the manufacturer's minimum maintenance programme requirements and servicing intervals within +/- 1 month or 1,000 miles of the service interval and can only be carried out at a Renault Approved outlet. Service plans do not cover wear and tear items such as (but not limited to) tyres, wiper blades or brakes. To qualify you must order and purchase the Service plan from a Renault Approved outlet before the first service or within the first 12 months (whichever comes first). Cannot be part exchanged, refunded or transferred. **Finance provided by Renault Finance Ltd, P.O. Box 149, Watford, WD17 1FJ. Guarantees and indemnities may be required. You must be at least 18 and a UK resident (excludes Isle of Man and Channel Islands) to apply. Subject to status, terms and conditions apply. Renault UK Limited (company number 82932), registered at The Rivers Office Park, Denham Way, Maple Cross, Rickmansworth, Hertfordshire, WD3 9YS.

CUSTOMER RELATIONS

Renault knows the value of communicating with its customers and we have established effective ways to keep in touch with you. If after speaking to your local Renault dealership you are not completely satisfied, please contact the Renault UK Customer Relations Department on 0344 3350000 (Monday-Friday 9.00am to 5.30pm, except Wednesday 10.00am to 5.30pm. Closed on Bank Holidays). You can also visit our website www.renault.co.uk Or write to us at: Renault UK Ltd, The Rivers Office Park, Denham Way, Maple Cross, Rickmansworth, Hertfordshire, WD3 9YS.

RENAULT NETWORK SERVICES

No-one is better placed than Renault to maintain, fit and repair your Renault, fast. The Renault Minute (maintenance and repair with no appointment necessary) and Renault Rapide Bodycare (bumper scuffs, dings and dents, windscreen, stone chips and interior repairs...) services deliver the highest level of repair and maintenance and offer a full year's guarantee on Original Renault Parts. And don't forget to have a look at our wide range of additional equipment and accessories!

SERVICE INTERVALS

25,000 miles / 2 years:
• Traffic all engines
